5. [ ] Having heard Senator Thomas J. Dodd make a statement on an American Security Council radio broadcast on Wednesday evening, I contacted David Martin, of Senator Dodd's staff, on Thursday. Senator Dodd's statement was directed to the Soviet "defamation" campaign. Senator Dodd quoted several parts of the "U.S. Government paper" and concluded his remarks with a statement that CIA and the FBI receive their direction from the Executive Branch of the Government. Martin has promised us a copy of the statement. He apologized for not alerting us in advance and added that this was "just something the Senator wanted to do."

After checking with Security, I advised Mr. Woodruff that if anyone asked the Agency for its opinion, it would strongly recommend against East Berlin travel. He said this was good enough for him and he would stay away adding that he understood the ground rules and appreciated our responding to his inquiry.
